## Kept (the one which dev has been paused)

Feature	Status	Demo MAYBE/TO DO/DID	Story points		
			Task total	Remainder of previous	Spill to next
ENGAGE-1830 [euf-campaign-widgets] call getToken from PShell at every request [FE]			2	0.5	??

## Doc

- Task total:** the initial estimation of the task.
- Remainder of previous:** the number of story points that still were to address when the task was moved into the sprint.
- Spill to next:** the number of story points that couldn't be addressed when the sprint is finished.
- See here: [Scrum Master tools](#)
